PROFESSIONAL SUMMARY

Mechanical Engineering senior at the University of Illinois Chicago graduating May 2027 with internship experience developing standards-based test reference materials, supporting laboratory operations, and analyzing project data at UL Solutions. Academic experience with SolidWorks, ANSYS, and MATLAB, complemented by hands-on automotive knowledge and 5+ years of customer-facing experience.

EDUCATION

University of Illinois Chicago

Bachelor of Science in Mechanical Engineering

GPA: 3.5 | Dean's List

Chicago, IL

Expected May 2027

College of DuPage

Associate of Science in Mechanical Engineering | GPA: 3.5

Glen Ellyn, IL

May 2025

ENGINEERING EXPERIENCE

UL Solutions

Engineering Intern

Northbrook, IL

May 2026 - Aug 2026

- Developed six standardized Test Reference Guides for infrequently performed fluids-laboratory tests by synthesizing requirements from UL Standards, Test Data Sheets, and technician knowledge.
- Documented required equipment, setup steps, test procedures, and potential safety risks, giving newer technicians a practical reference for tests performed only a few times per year.
- Collaborated with lab technicians and engineers to validate guidance, clarify gaps in existing documentation, and support consistent test preparation and knowledge retention.
- Contributed to a department-wide pricing initiative by reviewing completed projects and compiling standardized survey data to support analysis of project and pricing trends.

ADDITIONAL EXPERIENCE

Advantage Acura of Naperville

Business Development Center Representative

Naperville, IL

May 2025 - Present

- Manage inbound sales and service inquiries, explain vehicle and appointment information, and schedule service visits and test drives.
- Follow up with warm and cold leads and coordinate customer handoffs across sales and service teams.

ACTIVITIES

UIC Society of Automotive Engineers (SAE) Formula Team | Member

Sep 2025 - Dec 2025

- Collaborated with team members to develop SolidWorks push-bar concepts that allowed the Formula SAE car to be moved safely without pushing directly on its frame.

UIC Ultimate Frisbee Club | Player

Sep 2025 - Dec 2025

- Strengthened teamwork, real-time communication, speed, agility, and endurance through club participation.

College of DuPage Engineering Technology Club | Member

Oct 2023 - Apr 2024

- Assisted with SolidWorks drafting and hands-on assembly for club engineering projects while collaborating with experienced members.

SKILLS

Engineering Software: SolidWorks, ANSYS, and MATLAB (academic experience); Creo and AutoCAD (basic)

Laboratory and Documentation: Test Reference Guide development, standards research, Test Data Sheets, equipment and procedure documentation, safety risk identification, and laboratory support

Data and Business Analysis: Project surveys, standardized data collection, and pricing trend analysis

Mechanical and Automotive: Hand and power tools, torque tools, assembly/disassembly, vehicle maintenance, basic diagnostics, and wiring/audio installation

Soft Skills: Communication, teamwork, problem solving, organization, attention to detail, and reliability
